

Dear Colleague:

We invite you to the historic, traditional Romanian pole of excellence of Timisoara to support the twelfth annual IEEE International Symposium on **Robotic and Sensors Environments**. This exclusive symposium will be organized in the Polytechnica University of Timisoara in Timisoara, Romania, on October 16-18, 2014.

The IEEE ROSE is sponsored by the IEEE Instrumentation and Measurement Society, and is dedicated to a range of robotic related topics, including 3D sensing and modeling, mobile robotics, sensor controlled systems, and human and robot interaction.

The event offers a rare opportunity to meet and network with leaders in the field of robotic and sensors environments in the professional atmosphere of a focused international technical Symposium. The breadth and depth of research topics combined with the quality of invited and contributed technical presentations makes this Symposium a 'must attend' event for your company.

There are several opportunities for your company to be involved in IEEE ROSE 2014:

- Sponsor and Participate in the event – see Patron/Sponsor Contract attached
- Participate in the special session, "Robotics and Sensors in the Industry: New Trends and Technological Developments"
- And more!

Please visit rose2014.ieee-ims.org for details about the symposium, technical program, and information for patrons.

We invite you to join us at the twelfth annual IEEE ROSE.

Sincerely,

Symposium Chair: Mihai Micea, *Politehnica University of Timisoara, Romania*

Patron Coordinator: Cynda Covert, *Conference Catalysts, LLC*
